

# Horace Hill DiscGolfPark

Located in the heart of Vermont's Green Mountains in Dover Vermont, the Horace Hill DiscGolfPark is a premier destination for disc golf enthusiasts.

The first DiscGolfPark design in the state, the course offers a diverse and challenging experience for players of all skill levels. The course at Horace Hill is nestled in a serene wooded area, providing technical shots through mature trees and lush foliage.

The natural beauty of the landscape, combined with the thoughtful course design makes Horace Hill a standout location for both casual players and serious competitors.

# Horace Hill DiscGolfPark

## Disc Golf

The objective of disc golf is similar to the objective of golf. Instead of clubs and balls like in regular golf, the playing equipment of disc golf features a wide variety of plastic discs - more commonly known as frisbees - that come in many different shapes and weights. The disc golf target corresponds with the hole in golf and the hole is finished when the disc comes to rest in the basket. The winner of a round of disc golf is the one who completes the course with the least amount of throws.

## Safety & Course Description

Important: Safety is the top priority. Leave plenty of margin for error. Always wait until the hole is clear of all pedestrians. Even after all the safety precautions, in the case you might hit someone with your disc, shout "FORE!" or anything loud to warn others. Players are required to follow both disc golf and park rules. You are playing at your own risk.

This course consists of 18 holes for intermediate disc golfers. Recommended group size is 3-5 to ensure speed of play. It takes about 2 hours to play through the course. On, or over any road is out of bounds. On, or over any fence is out of bounds.

## Basic Rules

- 1 The purpose of the game is to get a disc from the tee to the target with the least amount of throws possible. You may use a selection of discs.
- 2 After the initial throw, the player farthest from the target throws next. Subsequent shots will be thrown from where the disc came to rest. Player will throw as many times as is needed to get the disc to rest inside the target.
- 3 When the disc has been released, the player may follow through. From within ten meters approx. 33' to the target, the throw is called a putt and cannot be stepped over.
- 4 Each hole is finished when the disc comes to rest inside the target. The player who has completed all holes at the lowest total score, is the winner.
- 5 Please be polite to other users of the area and leave the course in good condition. Please do not litter. You are responsible for every throw you play - better safe than sorry.

DiscGolfPark Established 2024. First DiscGolfPark in Vermont

Horace Hill Recreation Area spans 53 acres and is home to world class mountain biking and hiking trails, 18-hole disc golf course, and various winter uses. The property was purchased by the Town of Dover in 2019 in order to preserve the land and to provide a space for expanded recreation opportunities within the town. In 2023, Dover's Economic Development Department partnered with Sinuosity Flowing Trails, Tahawaus Trails, and DiscGolfPark to implement the new amenities which were completed in 2024.

The Town of Dover would like to offer our sincerest thanks to everyone involved in making this property what it is today.
